

Curriculum Vitae: Eskil Heinesen

Personal Data

Born 21 July 1958 in Denmark (Frederiksberg)

Married, two children

Home address: Ole Bruuns Vej 1, DK-2920 Charlottenlund, Denmark

Education

Master's degree in Economics, University of Copenhagen, 1985.

Ph.D. in Economics, University of Copenhagen, 1992.

Current Position

Research Leader

Rockwool Foundation Research Unit

Ny Kongensgade 6

DK 1472 Copenhagen K

Denmark

Telephone: +45 2329 2711

E-mail: esh@rff.dk

Professional Experience

- 2016- Research Leader, Rockwool Foundation Research Unit. (Education economics, labour economics, health economics, applied micro-econometrics).
- 2012-2016 Senior Researcher, Rockwool Foundation Research Unit. (Education economics, labour economics, health economics, applied micro-econometrics).
- 1995-2012 Director of Research, AKF, Danish Institute of Governmental Research. (Education economics, labour economics, health economics, applied micro-econometrics).
- 1994-1995 Associate Professor, Department of Economics, The Royal Veterinary and Agricultural University, Copenhagen.
- 1988-1994 Research Fellow and Senior Research Fellow, Department of Economics, University of Copenhagen. (Macroeconomics and applied econometrics).
- 1985-1988 Economist, modelling unit, Statistics Denmark. (Estimation of consumption and housing investment equations for the Danish macroeconomic model ADAM).

Publications

(1) Peer reviewed

“Another look at returns to birthweight” (with Shiko Maruyama), *Journal of Health Economics*, 2020, 70: Article Number 102269.
<https://doi.org/10.1016/j.jhealeco.2019.102269>

“Employment, occupational mobility and job skills of cancer survivors” (with Susumu Imai and Shiko Maruyama), *Journal of Health Economics*, 2018, 58: 151-175.
<https://doi.org/10.1016/j.jhealeco.2018.01.006>

“Admission to higher education programmes and student educational outcomes and earnings – evidence from Denmark”, *Economics of Education Review*, 2018, 63: 1-19.
<https://doi.org/10.1016/j.econedurev.2018.01.002>

“Return to work after cancer and pre-cancer job dissatisfaction” (with Christophe Kolodziejczyk, Jacob Ladenburg, Ingelise Andersen and Karsten Thielen), *Applied Economics* 2017, 49 (49): 4982-4998. <https://doi.org/10.1080/00036846.2017.1296555>

“Individual performance: From common-source bias to institutionalized assessment” (with Lotte Bøgh Andersen and Lene Holm Pedersen), *Journal of Public Administration Research and Theory* 2016, 26 (1): 63-78. <https://doi.org/10.1093/jopart/muv010>

“Labour market participation after breast cancer for employees from the private and public sectors: Educational and sector gradients in the effect of cancer” (with Christophe Kolodziejczyk), *Economics and Human Biology* 2016, 21: 33-55.
<https://doi.org/10.1016/j.ehb.2015.12.002>

“Evaluating the impact of a school-based health intervention using a randomized field experiment” (with Jane Greve), *Economics and Human Biology* 2015, 18: 41-56.
<https://doi.org/10.1016/j.ehb.2015.03.005>

“The efficiency of educational production: A comparison of the Nordic countries with other OECD countries” (with Peter Bogetoft and Torben Tranæs). *Economic Modelling* 2015, 50: 310-321. <https://doi.org/10.1016/j.econmod.2015.06.025>

“The effect of breast cancer on personal income three years after diagnosis by cancer stage and education: A register-based cohort study among Danish females” (with Ingelise Andersen, Christophe Kolodziejczyk, Karsten Thielen and Finn Diderichsen), *BMC Public Health* 2015, 15: 50. <https://doi.org/10.1186/s12889-015-1387-0>

“The impact of cancer stage on socioeconomic differences in employment consequences” (with Karsten Thielen, Christophe Kolodziejczyk, Ingelise Andersen and Finn Diderichsen), *PLOS ONE* 2015, 10 (6): e0128621. <https://doi.org/10.1371/journal.pone.0128621>

“How does Public Service Motivation among teachers affect student performance in schools?” (with Lotte Bøgh Andersen and Lene Holm Pedersen), *Journal of Public Administration Research and Theory* 2014, 24 (3): 651-671. <https://doi.org/10.1093/jopart/mut082>

“Study versus television” (with Martin Browning), *IZA Journal of Labor Economics* 2014, 3:2. <https://doi.org/10.1186/2193-8997-3-2>

“Class-size effects in secondary school” (with Karl Fritjof Krassel), *Education Economics* 2014, 22 (4): 412-426. <https://doi.org/10.1080/09645292.2014.902428>

“Effects of breast and colorectal cancer on labour market outcomes – average effects and educational gradients” (with Christophe Kolodziejczyk), *Journal of Health Economics* 2013, 32 (6): 1028-1042. <https://doi.org/10.1016/j.jhealeco.2013.08.004>

“The effects of active labour market policies for immigrants receiving social assistance in Denmark” (with Leif Husted and Michael Rosholm), *IZA Journal of Migration* 2013, 2:15. <https://doi.org/10.1186/2193-9039-2-15>

“The effect of job loss due to plant closure on mortality and hospitalization” (with Martin Browning), *Journal of Health Economics* 2012, 31: 599-616.

“The Danish National Return to Work Program: Aims, Content, and Design of the Process and Effect Evaluation” (with Birgit Aust, T. Helverskov, M.B.D. Nielsen, J.B. Bjorner, R. Rugulies, K.M. Nielsen, O.H. Sørensen, G. Grundtvig, M.F. Andersen, J.V. Hansen, H.L. Buchardt, L.Nielsen, T.L. Lund, I. Andersen, M.H. Andersen, A.S. Clausen, O.S. Mortensen, J. Ektor-Andersen, P. Ørbæk, G. Winzor, U. Bültmann, O.M. Poulsen), *Scandinavian Journal of Work, Environment & Health* 2012, 38 (2): 120–133.

“Estimating class-size effects using within-school variation in subject-specific classes”, *Economic Journal* 2010, 120 (June): 737-760.

“Labour market integration of immigrants: Estimating local authority effects” (with Leif Husted and Signe Hald Andersen), *Journal of Population Economics* 2009, 22 (4): 909-939.

“The effect of integration policies on the time until regular employment of newly arrived immigrants: Evidence from Denmark” (with Jens Clausen, Hans Hummelgaard, Leif Husted and Michael Rosholm), *Labour Economics* 2009, 16: 409-417.

“The effect of home care on the ability to perform the activities of daily living and the well-being of older people” (with Eigil Boll Hansen and Vibeke Tornhøj Christensen), *European Journal of Ageing* 2009, 6: 17-26.

“Misclassification and the use of register based indicators for depression” (with Karsten Thielen, E. Nygaard, I. Andersen, R. Rugulies, P. Bech, U. Bültmann and F. Diderichsen), *Acta Psychiatrica Scandinavica* 2009, 119: 312-319.

“Estimating the relative success of local authorities at labour-market integration of immigrants” (with Signe Hald Andersen), *European Journal of Population* 2008, 24: 59-86.

“Class size, teacher hours and educational attainment” (with Martin Browning), *Scandinavian Journal of Economics* 2007, 109 (2): 415-438.

“Job displacement and stress related health outcomes” (with Martin Browning and Anne Møller Danø), *Health Economics* 2006,15: 1061-1075.

“School district size and student educational attainment: evidence from Denmark”, *Economics of Education Review* 2005, 24: 677-689.

“The effect of school resources on educational attainment: evidence from Denmark” (with Brian Krogh Graversen), *Bulletin of Economic Research* 2005, 57 (2): 109-143.

“Determinants of local public school expenditure: A dynamic panel data model”, *Regional Science and Urban Economics* 2004, 34 (4): 429-453.

“The relative risk aversion hypothesis of educational choice” (with Richard Davies and Anders Holm), *Journal of Population Economics* 2002, 15: 683-713.

“The tax wedge and household demand for services”, *Economic Modelling* 1999, 16: 235-256.

“The tax wedge and repair and maintenance of houses”, *Applied Economics Letters* 1998, 5: 191-196.

“Structural breaks in error correction models”, *Oxford Bulletin of Economics and Statistics* 1997, 59 (1): 187-192.

“A macroeconomic rationing model estimated by cointegration techniques and generalized method of moments”, *Economic Modelling* 1995, 12 (2): 97-110.

“The two-variable CES transaction function in macroeconomic rationing models”, *Economics*

Letters 1995, 48: 257-265.

“CES transaction functions in macroeconomic rationing models”, *Recherches Economiques de Louvain / Louvain Economic Review* 1994, 60 (3): 301-331.

(4) Popular science publications and presentations in Danish

Interviews for newspapers, radio and television

A large number of interviews for newspapers and radio.

Live interviews for television: 2011 (on effects of active labour market programmes), 2016 (on return to work of cancer survivors).

Other interviews for television: 2013 (on effects of cancer on labour market attachment) and 2016 (on return to work after cancer and pre-cancer job characteristics).

Newsletters, Rockwool Foundation – Research

2021: Unges valg af ungdomsuddannelser giver økonomiske fordele (Students' choices of upper secondary education are consistent with selection on gains).

2019: For tidligt fødte bliver stadig mere levedygtige (The effect of preterm birth on mortality has been reduced).

2019: Brud mellem forældre har negative konsekvenser for børnene – og antallet af skilsmisser er steget (Parental separation has negative consequences for children – and divorce rates have risen).

2019: Store forskelle i fremtidig indkomst, afhængigt af hvilken type videregående uddannelse man bliver optaget på (Large differences in future income depending on the field of study offered after application).

2018: Flere undervisningstimer i folkeskolen øger elevernes karakterer i 9. klasse – især for børn med kortuddannede forældre (Instruction time has a positive effect on test scores in 9th grade – especially for children from disadvantaged backgrounds).

2016: De negative effekter af kræft på beskæftigelse afhænger af jobbet, før man fik kræft (Negative effects of cancer on employment vary by pre-cancer job characteristics).

2016: Optagelse på den foretrukne lange videregående uddannelse har ingen betydning for, hvilket uddannelsesniveau man opnår, eller hvor meget man tjener efter endt uddannelse (Admission to a preferred education is not important for educational attainment or earnings eleven years after application).

2013: Overraskende mange fortsætter i job efter en alvorlig kræftsygdom (Many cancer survivors return to work).

Popular science articles in the news magazine “AKF Nyt” of the Danish Institute of Governmental Research

Heinesen, E. (2011): Mænd har øget risiko for at dø efter fyring (Increased mortality for men after layoffs). AKF Nyt (2): 6-9.

Houlberg, K. and E. Heinesen (2011): Ændret demografi skyld i større udgifter til udsatte børn (Demographic changes have caused higher expenditure on out-of-home placement of children). AKF Nyt (2): 10-13.

Heinesen, E. (2011): Midler til udsatte børn kan fordeles mere fair (Financial resources for out-of-home placement of children and preventive measures may be distributed more fairly). AKF Nyt (1): 16-17.

Bjerre, K.S., E. Heinesen and C. Kolodziejczyk (2009): Bedre fordeling af midler til udsatte børn (Better allocation of financial resources for out-of-home placement of children). AKF Nyt (2): 12-13.

Heinesen, E. and L. Husted (2009): Hvor går integrationen hurtigst? (Where is the integration of immigrants fastest?). AKF Nyt (1): 9-11.

Heinesen, E. (2008): Færre elever, bedre karakterer (Fewer students, higher examination marks). AKF Nyt (1): 12-13.

Heinesen, E. and L. Husted (2007): Kommunale forskelle i integrationssucces (Differences between municipalities in successful integration of immigrants). AKF Nyt (3): 14-15.
